EDUCATION

Universal college of arts and science, mannarkkad

August 2021 - 2024

Bachelor of computer application

Department of Computer Science

DON BOSCO SKILL MISSION - BANGALORE

May 2026 - onwards

Cloud practitioner AWS

CARRIER OBJECTIVE

Aspiring Cloud Operations Engineer with knowledge of Linux, SQL, and cloud fundamentals, along with a background as a former UI/UX Designer. Eager to contribute technical and problem-solving skills in a dynamic technology-driven environment.

PROJECTS

Real-Time Cigarette Smoking Detection System

Developed a real-time smoking detection system using computer vision and machine learning concepts. Implemented video processing techniques and optimized the system using Python libraries, threading, and argparse. Focused on improving real-time monitoring accuracy and system performance.

Sweat Futuristic Sports Fashion Store - UI UX

Designed a futuristic e-commerce Application for a sports fashion brand with modern and visually engaging interfaces. Focused on responsive layouts, branding, typography, and seamless shopping experiences for users. Created product pages, and reusable design components for consistency..

FuelOnGo On-Demand Fuel Delivery Vehicle Support App - UI UX

Designed a modern mobile application that provides on-demand fuel delivery and emergency vehicle assistance services. Created user flows, wireframes, and high-fidelity UI screens focused on smooth user experience and accessibility. Developed interactive prototypes and a complete UI/UX case study using Figma

Social Media Database Management System

Built and managed a relational database system for a social media platform using SQL. Designed tables, relationships, and queries while implementing CRUD operations and database constraints. Focused on improving database organization, data management, and query handling.

TECHNICAL STRENGTHS

**Linux, SQL, AWS, Cloud Fundamentals, Troubleshooting, Basic Automation, Networking
UI/UX Design, Figma, Problem Solving, Team Collaboration.**

WORK EXPERIENCE - INTERN

Futura Labs , Kozhikode

July 2024- 2025

UI UX Designer

- On-site UI/UX Design Intern, where I designed user-friendly mobile and web interfaces using. Collaborated with the design team to create wireframes, prototypes, and responsive UI solutions for real-time projects.
